Salina Regional Neurosurgery plans open house for January 17

(January 10, 2014) – Salina Regional Neurosurgery will host an open house Friday, January 17, from 2 p.m. to 5 p.m. at its new location, 501 S. Santa Fe Ave., Suite 300, in the Santa Fe Medical Plaza office building. The clinic moved in early December to a larger space.

Office tours, refreshments, an opportunity to meet staff members and learn about the clinic's services will be part of the festivities. Neurosurgeons Ali Manguoglu, Justin Whitlow and Scott Boswell provide some of the latest surgeries for the brain, spinal cord and peripheral nerves including treatment for spinal fractures, pinched nerves, herniated discs, carpal tunnel syndrome and primary and metastatic tumors.
