Our Presenters

Karen Brasel, MD, MPH, FACS is a professor of surgery, division of trauma, critical care and acute surgery at the Oregon Health and Science University. Dr. Brasel completed medical school at the University of Iowa College of Medicine. She completed her residency at the University of Minnesota.

Timothy Hawkes, DO is a board certified and fellowship trained sports medicine orthopedic surgeon. He graduated from Nova Southeastern College of Osteopathic Medicine in Fort Lauderdale, FL. During residency, Dr. Hawkes was recognized as senior resident of the year. Dr. Hawkes completed a Fellowship in Sports Medicine at Union Memorial Hospital in Maryland/Washington DC. While there he provided medical care for the Washington Nationals, Baltimore Ravens, Washington Wizards and Towson University. Dr. Hawkes is trained in minimally invasive techniques of the shoulder, hip, knee and ankle as well as primary robotic assisted total joint arthroplasty.

Travis J. Rump, DO is a fellowship trained Orthopedic Trauma Surgeon. He graduated from Chicago College of Osteopathic Medicine/Midwestern University in Chicago, Illinois. He then completed his Orthopedic Surgery Residency at Kansas City University of Medicine and Biosciences in Kansas City, Missouri. Following his residency Dr. Rump advanced his training by completing a Fellowship in Orthopedic Trauma at the prestigious Duke University Medical Center in Durham, North Carolina. Dr. Rump has a subspecialty interest in Orthopedic Trauma including fractures of the pelvis, periprosthetic fractures, and post-traumatic reconstruction, as well as being trained in all aspects of Orthopedics including primary and revision total joint replacement, arthroscopy, basic hand, foot, and ankle surgery, and General Orthopedics.

Allison Wilson, MD is Vice Chair and Professor at the West Virginia University School of Medicine, Department of Surgery. She is Chief of the Division of Trauma, Acute Care Surgery, and Surgical Critical Care. She serves as Executive Director of the West Virginia University Critical Care and Trauma Institute, where she ensures state-of-the-art trauma and critical care for thousands of ill and injured patients from West Virginia and the surrounding regions. She earned her MD from Baylor College of Medicine, Texas. She completed her Surgical Residency and Surgical Critical Care Fellowship in the Michel E. DeBakey Department of Surgery at Baylor College of Medicine. In 2014, Dr. Wilson was named the Skewes Family Endowed Chair in Trauma Surgery, the first endowed Chair in the department. Under her leadership, the Jon Michael Moore Trauma Center at WVU maintained verification as an American College of Surgeons’ (ACS) Level One Trauma Center.

9th Annual
Trauma Symposium

October 4, 2019 | 8:30 a.m.
Rolling Hills Conference Center
Salina, KS 67401
Objectives:

- Define palliative care and highlight areas of controversy.
- Describe tools to improve care of geriatric trauma patients.
- Identify severe injury on primary survey.
- Formulate tips to stabilize a patient in a resource limited environment.
- Interpret who require transfer to a higher level of care within 15 minutes.
- Recognize need for acute treatment of knee dislocation.
- Demonstrate what not to miss with knee dislocation.
- Illustrate pelvic ring injuries.
- Perform basic maneuvers and resuscitation techniques to stabilize a patient with a traumatic pelvic ring injury.

Schedule

8:00-8:30 Registration, Continental Breakfast and Vendor Display
8:30-9:30 Karen Brasil, MD Surgical Palliative Care
9:30-10:30 Karen Brasil, MD The Elderly Trauma Patient, Not Just an Old Adult
10:30-10:45 Break and Vendor Display
10:45-11:45 Alison Wilson, MD Tips for Temporizing Tremendous Traumas
11:45-12:30 Lunch and Vendor Display
12:30-1:30 Alison Wilson, MD Optimizing Your Rural Trauma Team
1:30-1:45 Break and Vendor Display
1:45-2:45 Timothy Hawkes, DO Acute Management of Traumatic Knee Dislocations
2:45-3:45 T.J Rump, DO Traumatic Pelvic Ring Injuries and Resuscitation
